

Flytec V005 4CH 2.4G Electric RC Boat Crocodile Head Vehicles RTR Model

Product Description

The RC boat is designed with the appearance of distinctive crocodile head, realistic and vivid when swimming in the water. 2.4GHz transmitter, you'll never get any radio interference. The waterproof design make the playing without fear and with more fun. If you like to be funny and different, this RC boat will be your best choice.

Features:

With 2.4GHz transmitter, you'll never get any radio interference with this RC boat. Be made of resin material, simulates the crocodile head and looks more realistic.

The 2-channel operation of moving forward and backward, turn left and right, simulating the speed and movement of the real crocodile, freely flows in the water. The simulated crocodile RC boat helps prevent pests, geese and other waterfowl away from the pond. Effectively drive away waterfowl and protect the pool.

Low voltage protection, when the voltage is too low, the speed will drop by 40% automatically, reminding consumers to recall the remote control boat. The boat turn on the power quickly when the inductive paddle shaft sense the water fluid. Adopt balanced double propeller, making the speedboat sail more smoothly and without fear of overturning.

Good waterproof performance, the charging port is equipped with a waterproof rubber, and the bottom of the boat is fully enclosed and waterproof.

Any problem, please contact our store without hesitation. Honor to serve you!

Specifications:

Brand: Flytec

Remote control frequency: 2.4G

Remote control distance: About 30m

Speed: 15km/h

Remote control battery: 2 * AA battery (not included)

RC boat battery: 3.7V 500MAH lithium battery

Charging time: About 2-3h

Use time: About 15 mins

Material: Resin + plastic
Size: 31.3*14.4*12.5cm
Age: 14+

Package Information:

Package size: 39*20*12.5cm
Package weight: 1056g
Gift box package

Package List:

- 1 * RC Boat
- 1 * Simulation Crocodile Head
- 1 * Remote Control with Antenna
- 1 * Battery
- 1 * USB Charging Cable
- 1 * User Manual
