

# JJRC Q85 2.4G REMOTE CONTROL BATTLE TANK

## ***TECHNICAL DETAILS***

---

Product Name: Battle Tank	Car Battery: 3.7V 500mAh
---------------------------	--------------------------

---

Product No.: Q85	Charging Time: 2 Hours
------------------	------------------------

---

Brand Name: JJR/C	Running Time: More Than 15 Minutes
-------------------	------------------------------------

---

Product Color: Green, Blue	Product Size: 20.9*11.8*10.3cm
----------------------------	--------------------------------

---

Charging Method: 2.4G Remote Control	Package Size: 31.5*18.5*12.5cm
--------------------------------------	--------------------------------

---

Product Material: ABS Plastic and Electronic Components	Range: About 30 Meters
---	------------------------

---

Product Function: Forward/Backward, Turn Left/ Right, Rotatable Turret, Simulated Sounds, Auto Demo, Program

# Combat Via 2.4G Remote Control

Enjoy the thrilled and exciting combat experience.

# Family Fun

Get closer to your kids and have them combat against you in the game.

## Realistic Recoil Simulation

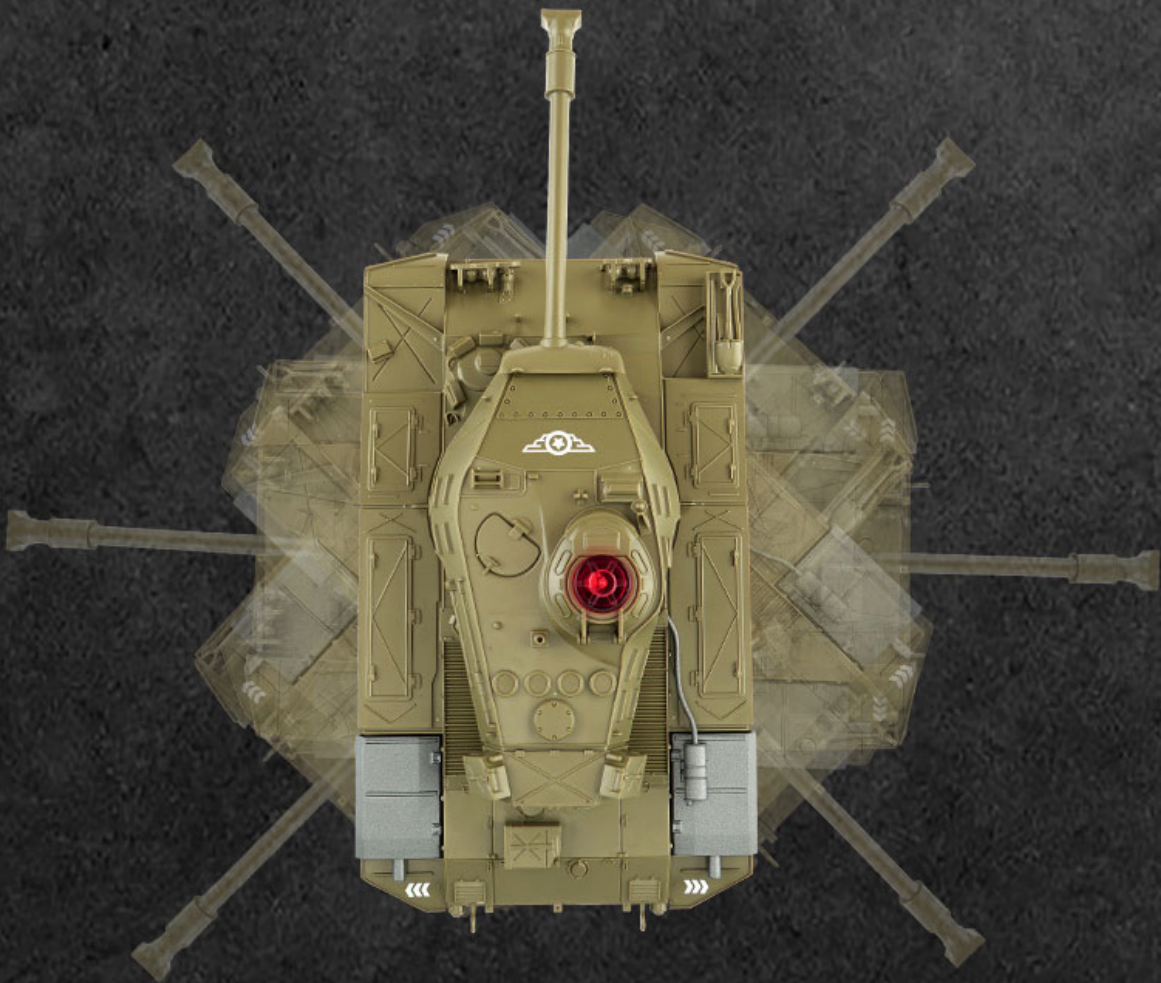

The realistic recoil produced at launch will let you feel like being engaged in a real shooting scene.

## 360° Rotation-In-Place

By rolling the tracks towards opposite direction, the tank is able to rotate in place.

## 270° Turret Rotation From Side To Side

It allows you to aim at the target with the rotatable turret.

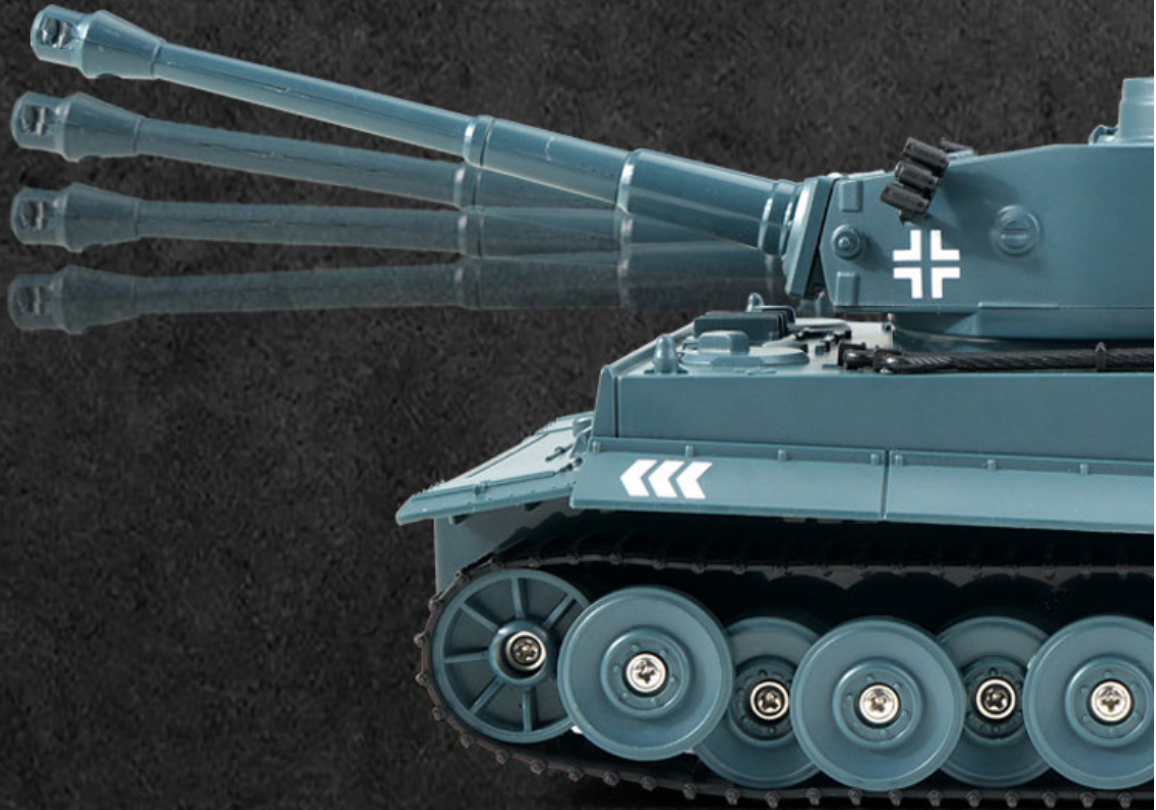

# Movable Barrel With 30° Tilt-angle

Locked on target. Ready to shoot.

## Auto Demo

Let it demonstrate all the functions and enjoy its show time with just one press of a button.

# Intelligent Programming

Mix and match different sets of actions by pressing the buttons and then it will demonstrate your designated programmed moves.

Forward/Backward

Turn left/Turn right

Rotatable Turret

Launch

# Simulated Sounds of Real Combat Scenes

Hear the sounds of missile launch and gunfire just like you were there.

## 2.4GHz Remote Control

Responsive as it is, so you can freely control the tank within up to 30 meters.
